THE HOUSE.

(Continued from page 2.)

manently with the voters and lawmakers of the Territory.

"I would not be true to the best interests of those who suffer from this disease or of the Territory of Hawaii if I signed this bill or aided in its passage."

HOUSE OVERRIDES.

The House deferred action until the afternoon, when it overrode the veto by 23 to 5, Greenwell, Hala, Lilikani, Pali and Quinn being the five who agreed with the Governor.

The Senate returned the liquor bill with amendments. On motion by Rice the House refused to concur and a conference committee consisting of Rice, Harris and Holstein was appointed.

The House refused concurrence in the Senate amendments to House Bill 205, authorizing companies to use motive power other than steam, and Smith, Coelho and Copp were appointed a conference committee on it.

The conference committee on the act authorizing the issue of certificates of Hawaiian birth reported in favor of charging \$7.50 for the certificates, thus splitting the difference. The House had favored a \$5 fee and the Senate \$10.

The conference committee on the act relating to trial jurors recommended the passage of the bill striking out the Senate's amendment providing that "economy shall be exercised" when juries are segregated. Both bills passed third reading as amended.

TRUST COMPANIES BILL.

The conference committee on Harris's bill to regulate trust companies (House bill 125) reported in favor of reinserting in the bill a subdivision to allow such companies to accept money on general deposit and hold the same subject to draft or otherwise. The report was adopted and the bill passed third reading.

The House adopted the Senate's amendments to House Bill 220, striking out the section which imposed imprisonment in lieu of fine.

Secretary Atkinson notified the House that the Governor had signed the following:

House Bill 180, to amend Section 2693, Revised Laws of Hawaii.
House Bill 45, in relation to suits on open accounts.

House Bill 146, to provide one fire department for Wailuku and Kahului, one for Lahaina and one for any other town where such department is properly organized.

The Education Committee referred the rebuilding of the Smith street school to the fifth district delegation. The Public Lands Committee referred the item of \$10,000 for 4500 feet of pipe line at Wailuku and Kahului to the Maui delegation.

The Public Lands Committee recommended the passage of Senate Bill 144, providing for the construction of roads through and from public lands opened for settlement to Nuuanu street.

MAUI ELECTRIC.

The Committee on Public Lands and Internal Improvements recommended the indefinite postponement of Senate Bill 97 (Hayesden), to authorize R. A. Wadsworth and others to construct, operate and maintain an electric railway and works on Maui. The report was adopted.

Senate Bill 54 (Bishop), respecting the establishment of branch banks, passed third reading.

Senate Bill 117 (Dickey), relating to permission for relatives to visit the Leper Settlement, passed third reading.

Senate Bill 87 (Dickey), to compel owners of buildings of over two stories to construct fire escapes of metal, was tabled.

Senate Bill 123 (Dickey), respecting income tax, passed third reading, despite Harris's protest that the measure should be a Territorial tax, as otherwise the Territory will lose \$200,000 in taxes.

Senate Bill 102 (Achi), relating to personal taxes, passed third reading.

The House took a recess at 5 o'clock.

THE SENATE.

(Continued from page 4.)

1:02 a. m., headed by Rep. Harris, and informed the Senate the House was ready to adjourn. The joint notification committee were sent out to notify the Governor that the Legislature was ready to adjourn. McCandless in a few moments reported that the Governor had gone home, but Dowsett stated that before leaving he had given consent to adjournment.

The president called on Achi to offer a closing prayer, but that member begged Pali to perform the office and he briefly complied.

At 1:05 a. m. the Senate adjourned sine die. Three cheers were given for President Isenberg at parting.

HOUSE—NIGHT SESSION.

The House overrode the Governor's

veto of the measure providing funds for the maintenance of the county system by a vote of 24 to 8.

The House also passed a bicycle tax bill.

When Speaker Knudsen appointed Rice, Cox and Waterhouse as the House representatives on the Joint House and Senate Committee on the flash-test bill, objection was made to Rice, he being a 120-degree man. Rice offered immediately to give way in favor of Aylett or Andrade, both strong 150-degree men. They refused and the committee stood as appointed. The committee was authorized to confer with the Senate committee at once and reported during recess that they could accomplish nothing, the Senators standing out for 140.

A long recess was taken to give the clerk an opportunity to engross some bills. In this interim Rep. Coelho, the "sweet singer of Waiakapu," sang a number of Hawaiian songs to the delight of the large audience present. Before long Coelho had a double quintette organized, and the House became merry.

The bill to facilitate the collection of certain debts failed to pass. The recess was terminated at 10:30, when communications from the Governor were read.

The first was that he had signed House Bill 221, to amend sections of the Revised Laws; also House Bill 149, repealing sections of the Revised Laws; also House Bill 203, to amend Sections 2090, 91 and 93 of the Revised Laws; also a number of Senate bills.

The following resolution was introduced by Holstein, who moved its adoption:

Resolved, by the House of Representatives that if the courts hold that the County Act is to be tested in the courts; therefore be it

Resolved, by the House of Representatives of the Territory of Hawaii that if the Supreme Court of the Territory should nullify the County Act, and if there should be no appeal to the Supreme Court of the United States at any time to make it so as to hold the county election at the time provided in such act, our Delegate to Congress be, and is hereby, earnestly requested to use his best endeavors to get a County Act passed by the next session of the Congress of the United States;

Resolved, That a copy of this resolution be transmitted by the clerk of the House to Hon. J. K. Kalaniana'ole, Delegate to Congress.
(Signed) H. L. HOLSTEIN, Rep. 2nd Elec. Dist.

Kaniho suggested that the House had better pay attention to the Federal law; that the "Territory should tax itself." His opinion was that local efforts to establish local self-government were embraced in a "law." That Hawaii "should take care of herself." This was embodied in the Organic Act. The resolution asked Congress to pass a county law for Hawaii. This would indicate that the statement that "Hawaii is not able to take care of herself" is true. The day was drawing near when the world would say, "Our bin is filled only with mashed potatoes." We have shown we are afraid that the county law is unconstitutional, and to offset an adverse decision by the Supreme Court, we are asking Congress to enact a county law for us. It said to us that it is full of holes. I say, wait until we come back here again and patch up those holes. The Federal Government will say that we people down here don't know how to pass laws. If we permit Congress to do this, we will show we are incapable. I move to indefinitely postpone action.

The vote taken to postpone resulted in defeating the resolution by 13 to 9. The Governor notified the House that he had signed House Bill 201, for the departmental expenses of the government.

Speaker Knudsen asked that chairman of all committees return all papers to the clerk.

EXPENSES OF SESSION.

Chairman Rice of the Committee on Accounts presented the following report:

Honolulu, April 26, 1905.

Hon. E. A. Knudsen, Speaker, House of Representatives, Territory of Hawaii—

Sir: Your Committee on Accounts beg

to report that the expenses of the session have been \$30,000.00. Expenses as above, \$26,828.38.

Balance of appropriation, \$3,171.62. Respectfully submitted,

(Signed) CHAS. A. RICE, Chairman.

GEORGE COPP, THOS. H. KALAWAIA, R. W. AYLETT.

The report was adopted.

By comparison with the expenses of the Legislature two years ago, the present Legislature's expenses were over \$10,000 less.

Lewis moved to consider the adverse report on the Hilo armory. The report was presented. Harris moved it be tabled. The motion carried.

The special committee report on the Hawaiian woman detained at Kalihl station was as follows:

Honolulu, T. H., April 26, 1905.
Hon. E. A. Knudsen, Speaker, House of Representatives, Territory of Hawaii—

Sir: Your special committee, acting under House Resolution No. — introduced by the Hon. H. L. Holstein, begs leave to report as follows:

Immediately upon the passage of the resolution, your committee waited upon Mr. L. E. Pinkham, President of the Board of Health, and arranged for a board of Physicians to examine Mrs. Makani, who is detained at the Kalihl Receiving Station, as a leper suspect.

Your committee appointed Dr. Day and Dr. Uchida, and on their behalf to act for them in the examination of the woman above named, and the Board of Health appointed Dr. McDonald to represent them in the examination.

Your committee accompanied the doctors to the station, and an examination was then made of Mrs. Makani. The report of the doctors we attach herewith.

While making an investigation of the station, your committee observed a young Hawaiian by the name of Geo. Mahiai of Maui, who appeared to your committee as being a doubtful case, and upon the approval of Mr. Pinkham the doctors were also requested to make an examination of him. This was done, and the report of the doctors on his case also accompanies this report. It will be seen from the report of Dr. Day that the case of Mrs. Makani is one in a very incipient stage, and in the judgment of your committee some provision certainly should be made for treatment of such cases as this at the Kalihl Hospital in the hope of making a cure, as Dr. Day, in his report, says "that good results might reasonably be expected to follow judicious and persistent treatment," and the committee heartily agree in the conclusion of Dr. Day, who says that "it is absolutely wrong to banish for life such cases as Makani and Mikala Kaipu without first
